Database Features: how the site works

Discovery! · Updated October 31, 2026 · What each feature does, where to find it and who can use it

The public website

What visitors see. No login needed. The brand on every public page is written Discovery!

Home page and menu

Where	The web address itself (/)
Who	Anyone
What	The front page, the main menu with the four programs, and a menu bar that reappears after scrolling on the main public pages.
Connects to	Menu subtitles and program pages are in the templates; upcoming dates come from Programs and Sessions.

Program pages (The Art of Us, The Beginning, Awakening, Vision)

Where	/programs, then a program
Who	Anyone
What	One page per program with what it is, who it is for, what is included, upcoming dates and the cost. The Art of Us page also has the Is This for You? section.
Connects to	Dates come from the sessions entered in the CRM (Programs). Prices are written in the page templates and the training fee setting.

What's included

Where	/programs/<program>/whats-included
Who	Anyone
What	The detail page for what a program includes.

Our story, Meet the team, About the program

Where	/our-story, /meet-the-team, /about-the-program
Who	Anyone
What	The founder story, the team page and the explanation of the program.
Connects to	The team page is fed by Admin > Leadership (Website) and the contacts' photos.

Register / I'm interested

Where	/register
Who	Anyone
What	Lets someone ask about a program or register interest. Creates or updates a contact and starts the follow-up.
Connects to	Creates a contact (marketing source recorded) and an interest log entry; the Excitement or thank-you emails can follow.

Contact us

Where	/contact
Who	Anyone
What	A general contact form. Adds a contact for follow-up.
Connects to	contacts

Talk to us (the Curious form)

Where	/talk-to-us
Who	Anyone
What	The form for someone who wants to hear from an experienced Discovery! volunteer by text or phone. Starts the Guides call flow.
Connects to	call_requests, interest_log; alerts the Guides; see Discovery Guides.

Donate

Where	/donate
Who	Anyone
What	The donation page. Records the person as a contact.
Connects to	contacts, donations

Stories (In Their Own Words)

Where	/stories
Who	Anyone, only when switched on
What	Approved testimonials. Hidden everywhere on the site until the Owner or Leadership turns the stories switch on (default is off).
Connects to	Switch is on the Testimonials page; setting stored in app_settings (stories_visible).

Discovery volunteer invitation

Where	/discovery
Who	Past Discovery volunteers and TAs
What	A focused page for past volunteers and TAs to add themselves. Chosen roles include Interested Party.
Connects to	contacts

Private links people receive

Links with a private code in them. Only the person who got the link can use it.

Complete your profile

Where	/complete-profile (public link) or /complete-profile/<code> (personal link)
Who	The person who got the link
What	The long form that gathers a person's details, history and agreements. The public link can be posted on social media or in a general email. Includes the question about attending a Discovery training.
Connects to	Fills in the contact, training_profiles and contracts.

Connect with us

Where	/connect/<code>
Who	The person who got the Excitement email
What	A one-click page that tells us the person wants to be contacted.
Connects to	Shows up under Contact requests.

Request the preliminary plan

Where	/discovery/plan/<code>
Who	The person who got the long-form thank-you email
What	Lets the person ask for the business plan.
Connects to	Business plan email and the contacts record.

Questionnaire

Where	/questionnaire/<code>
Who	One trainee
What	A trainee answers their own questionnaire privately. Nobody else, including a partner, can see the answers from here.
Connects to	feedback_responses, enrollments.

Feedback form

Where	/feedback/<code>
Who	One trainee
What	The after-training feedback form.
Connects to	feedback_responses.

Share your experience

Where	/share/<code>, or /share for the open link
Who	The person invited, or anyone with the open link
What	Lets a person type, dictate or record a testimonial and choose how their name appears. Open-link submissions ask for a name and email or phone.
Connects to	testimonials. See Testimonials.

Reserve a spot

Where	/reserve/<code>
Who	The person a Guide sent it to
What	Enrolls the person (and partner) or puts them on the waitlist when the date is full.
Connects to	enrollments.

Unsubscribe

Where	/unsubscribe/<code>
Who	Any email recipient
What	Every email blast has an unsubscribe link. The person is taken off future blasts.
Connects to	contacts (email status).

Contacts and people

Everyone we know.

Contacts

Where	Contacts (main menu)
Who	Leadership, or anyone given the Contacts area
What	The list and the record for each person: details, history, sponsor, photo, data sources, letters sent, enrollments, contracts and donations. Add, edit and (Leadership) delete.
Connects to	contacts, contact_lists, enrollments, contracts, donations.

Contact requests

Where	Admin > Contact requests
Who	Contacts area
What	Everyone who clicked Connect with us in an email and has not yet been answered. Mark each one resolved.
Connects to	contacts (contact request flag).

Sponsor pipeline

Where	Admin > Sponsor pipeline
Who	Contacts area
What	Who brought whom in, and where each person is on the path to leading.
Connects to	contacts (sponsor), enrolled-by tracking.

Data Sources

Where	Admin > Data Sources
Who	Leadership
What	Named groups of contacts, such as Kent's Contact Data, the Discovery Contact list and Responded to the Excitement blast. A person can be in more than one. Used to choose who receives a blast.
Connects to	contact_lists, contact_list_members.

Calendar

Where	Reached from the Contacts area
Who	Contacts area
What	A calendar view of scheduled sessions.
Connects to	cohorts.

Brought in by (bulk)

Where	Reached from the Contacts area
Who	Contacts area
What	Fills in who brought in several people at once.
Connects to	contacts.

Programs and sessions

What we teach and when.

Programs

Where	Programs (main menu)
Who	Leadership, or anyone given a program area
What	The trainings, their scheduled sessions (dates, capacity), small groups and the people enrolled and on the team. Quick schedule adds sessions fast. Enroll people, record payments, print the team list.
Connects to	programs, cohorts, enrollments, cohort_staffing, small_groups.

Program materials

Where	Programs > a program > Syllabus / Music / Handouts / Other / Movies
Who	Anyone given that heading for that program
What	Training materials for each program. Access is granted heading by heading, and people with access can view but not download.
Connects to	program_materials, program_playlists, playlist_songs, program_movies.

Session letters

Where	Programs > a session > Letters
Who	Leadership with Contacts access
What	Preview, test and send the letters that go to the people in a session (welcome, venue, reminders).
Connects to	Email through Brevo.

Feedback

Where	Leadership area
Who	Leadership
What	The feedback and questionnaire answers people gave after trainings.
Connects to	feedback_responses.

Contracts and business plan

Where	Reached from the Contacts area
Who	Contracts area
What	The agreements people sign and the earlier versions, and the business plan page.
Connects to	contracts, contract_revisions.

Discovery Guides (the call flow)

How a curious visitor gets a personal answer quickly.

Curious form to a Guide

Where	Public Talk to us form, then Admin > Call requests
Who	Guides and Leadership
What	A visitor asks to be contacted by text or phone. The next Guide in turn is alerted, opens a private call page, makes the contact and can send the video link, the questionnaire and the reserve link from there. Unanswered requests move to the next Guide.
Connects to	call_requests, call_notices; alerts go out by Pushover and email.

Guides

Where	Admin > Guides
Who	Leadership
What	Who the Guides are, their order and their hours.
Connects to	call volunteers.

Call requests queue

Where	Admin > Call requests
Who	Contacts area
What	Every request, who it went to, whether it was answered, with resend and close.
Connects to	call_requests.

Interest report

Where	Admin > Interest report
Who	Contacts area
What	A report of everyone who used the interest forms and whether anyone reached them.
Connects to	interest_log.

Guide training pages

Where	/cep-training and /cep-letters
Who	Guides
What	Training and sample letters for Guides.

Volunteer helper sign-up

Where	/volunteer-helper/join
Who	Past volunteers
What	A page where a volunteer joins the helper team.
Connects to	call volunteers.

Email and letters

How we write to people.

Correspondence (email blasts)

Where	Admin > Correspondence
Who	Owner and anyone given Correspondence
What	Write a letter, choose the audience (a Data Source, program attendees, Guides, volunteers or the entire database), preview, send a test and send. Every blast includes an unsubscribe link.
Connects to	email_blasts and letters; sent through Brevo. See Brevo.

Excitement email and the long-form thank-you

Where	On a contact's record
Who	Contacts area
What	Send the Excitement email, then the thank-you after someone completes the long form. The thank-you includes a testimonial invitation only for people who say they attended a Discovery training.
Connects to	contacts, testimonials.

Video call link and business plan

Where	On a contact's record
Who	Contacts area (business plan: Leadership)
What	Send the video call link or the business plan to a contact.

Brevo (email sender)

Where	Behind the scenes
Who	Owner
What	All email goes out through Brevo from Kent Hafemann. Emails sent this way do not appear in Kent's own Sent folder, so invitations also BCC Kent.
Connects to	Settings in the hosting service.

Testimonials

Collecting and publishing what people say.

Testimonials review

Where	Admin > Testimonials
Who	Leadership
What	The pipeline for requests and stories: invitations sent, replies, editing, sending back for the person's approval, publishing, hiding and deleting. The stories on/off switch is at the top.
Connects to	testimonials, testimonial_requests, app_settings.

Invite someone

Where	Testimonials > Request
Who	Leadership
What	Choose a contact, write a personal note in the letter box and send it by email, or get a text message to send yourself. Includes an option to add website links.
Connects to	Email through Brevo; BCC to Kent.

How a story gets published

Where	Testimonials
Who	Leadership
What	Person submits, Leadership reviews and edits, sends back to the person for approval, and only after approval can it be published. Therapeutic words are flagged. Videos are limited to about 2 minutes.
Connects to	testimonials (videos stored in the database).

Money and budgets

Finance overview

Where	Admin > Finance > Finance overview
Who	Owner and Accounting & Legal
What	Payments received and money summaries, with a CSV export.
Connects to	payments, donations.

Record payment

Where	On a session page
Who	Money access
What	Record what a couple or person paid. The Art of Us amount starts at the program fee and one payment covers both partners.
Connects to	payments, enrollments.

Donations

Where	Admin > Finance > Donations
Who	Leadership or Donations area
What	Every donation, with void.
Connects to	donations.

Budgets

Where	Admin > Finance > Budgets
Who	Owner and anyone given Budgets
What	One budget per training, one for fixed and one-time expenses, and one for donations. Edit, add and delete lines. Download as Excel or PDF. The Owner can email a copy to selected leaders. Others can send a Request a budget change.
Connects to	budgets, budget_requests; Excel and PDF built from budget_model.

Team and access

Who can see and do what.

Roles

Where	Four login doors
Who	Owner decides
What	Volunteer Team, Leadership, Accounting & Legal (view only) and Owner. Leadership sees confidential areas only after the Owner grants them. Only the Owner transfers ownership, changes access areas and assigns Accounting & Legal logins.
Connects to	staff, access_grants.

Site Access

Where	Site Access (main menu)
Who	Owner and Leadership
What	Add people, reset passwords, link a login to a contact, deactivate and reactivate.
Connects to	staff.

Authorized users (access areas)

Where	From Site Access
Who	Owner
What	Hands out the fixed areas (Accounting, Marketing, Correspondence, Contacts, Donations, Contracts, Budgets and others) and each program's four headings.
Connects to	access_grants.

Leadership (Website)

Where	Admin > Leadership (Website)
Who	Owner and Leadership
What	Controls who appears on the public team page.
Connects to	website_team.

Chat Room

Where	Main menu
Who	People given chat access
What	Discussion topics and a live room for the team.
Connects to	chat tables.

Mission and Dashboard

Where	Main menu
Who	Everyone logged in
What	The mission statement and the home screen with upcoming sessions.

Owner tools

Database map

Where	Admin > Database map
Who	Owner
What	A layered picture of how the database is organized, with live counts and a view of how site access is divided.
Connects to	Reads the live database.

Database Features (this guide)

Where	Admin > Database Features
Who	Owner
What	This page, with a PDF copy to share with an attorney, accountant or buyer. Kept current each time a feature is added.
Connects to	feature_guide.py.

Download for Claude

Where	Admin > Download for Claude
Who	Owner
What	Packages the program's information so a new working session with Claude can pick up where the last one stopped.
